Ways we can help

- 🐾 **Grant writing** – suggestions, reviews, information. We are also open to writing letters of support in the grant to increase your chances of receiving it.
- 🐾 **Lower veterinary bills** – we offer low cost spay/neuter and include rabies and distemper vaccines for free with the spay/neuter (rescues only)
- 🐾 **Low cost vaccines/testing** – we have a Wellness Clinic that has low cost wellness care, including health certificates
- 🐾 **Feral cats** – need to borrow traps for catching ferals? We have them available, as well as flexible scheduling for ferals.
- 🐾 **Spay/neuter appointments** – we typically can get you a spay/neuter appointment within a day or two, no more waiting weeks for an appointment!
- 🐾 **Referrals for owners** – we have subsidy programs available for dogs and cats, so please refer owners to us even if you think they can't afford the spay/neuter. Our goal is that no animal is refused.
- 🐾 **Even lower cost specials!** – frequently we have specials on spay/neuter. Sign up to get on the list to find out when we are offering them! For instance, in June, we offered \$15 male cat neuters! We'll also pass along when we find out other organizations offering special pricing – like Lansing had \$15 cat neuters that included vaccines!
- 🐾 **Kittens** – we know you probably don't want more kittens, so if you know of owners that have a mom and kittens, we will spay the mom for \$40 and each kitten for \$10.
- 🐾 **More kitten specials** – if you take kittens to adopt out but are unable to spay the mom, please contact us. We will work with the owner to ensure that we do not have another litter in a few months 😊
- 🐾 **Save time and energy** – ever get frustrated trying to follow up on the spay/neuter contracts? Adopt a policy to spay/neuter prior to adoption and save hours of wasted energy! Many vets will spay/neuter starting at 8 weeks/2 pounds.
- 🐾 **Did you know?** We are developing a program to encourage rescues to spay/neuter prior to adoption with special rates! Let us know if you are interested in receiving more information!
